G-TEC to launch new Corporate Logo **New Age, New Colour and Wide Vision**

By **Sankara Narayanan**

RM. South India

Vijeesh Ramanand

Technical Media Head

G-TEC COMPUTER EDUCATION has kicked off its 10th anniversary celebrations of its successful operations in India and abroad. This decade of progress and evolution highlights an important milestone in the Techno Education. After 10 years of successful operations, the Industry has reached a stage where in G-TEC is now considered a strong entity in the field of IT Education.

G-TEC expanded its operations with one single concept being "Group of Technologists" and is committed to provide computer education to the needy through franchisee operation which is achieved by continual improvement

in service process and human resources to enhance customer satisfaction by adhering to the quality management system.

Considering the current industry trends and to inspire the youth, we are pleased to announce the new Corporate logo that reflects the growth and vision along with a team work indicating combination, innovation in system and finally the positive energy. Hence G-TEC EDUCATION

with the new logo is purely COMMITMENT. The new logo not only showcases professionalism but also shows the commitment through quality delivering and adding value to our customers.

The new Corporate logo will be officially launched on 10th February 2011 – the day G-TEC launched in 2001

Our concept of Education will ensure proper delivery of subject knowledge along with practical guidance resulting in the systematic development of the individual. The ISO certification to our system is a record to prove what our education is. Today all that is required in the IT Education is the skills development. Our design of education will match the skills required to skills delivery.

G-TEC operates with seven divisions namely Software,

Multimedia, Hardware and Networking, G-Mobile, G-English, G-TEC Finance and Business Management Academy and G-CADD Circle having the richest blend of Dream and Reality. These divisions are well supported by our international affiliations and certifications which differentiates from the peers, each student stands apart from the crowd.

Today each and every activity is so dependent on the use of computers. Imagine a world where you get everything what is available to be an expert in technology, here is where G-TEC excels. To excel in any academic jobs, the knowledge of computer will be an added advantage. It is for this reason that we are forecasting our programs not just concentrating on the computer programs, but trying to bring forth a new concept of EDUCATION.

GALA: 10 Glorious years of G-TEC

G-TEC COMPUTER EDUCATION is creating a new era of Techno Education by completing a decade of its Operations. And it is getting stronger in expansion by establishing the education network in more than 10 countries. With a student Alumni of more than 8 lakhs and a centre strength of more than 500, there is only one message from the Family; "Think IT Education, Think G-TEC". The Ten Years Celebration is a Mile Stone for the company.

On account of the ten successful years, G-TEC proudly presents a scheme which will include lot many valuable gifts along with a dream bumber prize for the lucky winner. For the same, the students will be given huge discounts in terms of the course fees too. This success is purely because of the dedicated team and the celebrations will also see a MEGA EVENT which will include cultural as well as

knowledge based events. Another major success factor is the students themselves. Lot many students are placed in various corporate organizations, this being the truth of existence of G-TEC. "The Ultimate aim of the network is to see that all the students not only pass with

good grades, but also to develop the skills required to lead a successful life".

The students get a wonderful opportunity to learn what is required for the current IT Industry through our well designed courses and it is for the same reason that they are placed successfully. Finally, it is for this reason, after a decade, G-TEC has been well established, with a surprisingly regular and growing number in the family.

Ten years have gone by, G-TEC will grow more powerfully learning from the past experiences and this GALA 2011 will mark the beginning of a next generation in TECHNO EDUCATION. "The Best way to predict a Future is to create it", this will be the prime focus as far as G-TEC EDUCATION is concerned. There was a beginning, middle is existing, but there will be no end for the True Quality Education. All are Welcome...

G-TEC is an ISO Company

Fundamentals of ISO

By **S. Thulaseedharan Pillai**
AGM-Operations

Let us take you to some fundamentals of ISO that we are already certified and obliged to keep it up always. Since we are a certified Organization for Quality, it is our duty to maintain the value of the certificate for which some usage and terms are to be known to follow at every juncture of its function. So, come along with us to familiarize those standards and try to be friendly with them herein after.

When a person ask to a G-TECian, who is ISO ?, Immediately the G-TECian should answer that we are, that is G-TEC COMPUTER EDUCATION is ISO. We are International Standard Organization.

If the question is "what is ISO?" then the answer is, "the International Organization for Standardization (ISO) is a world wide federation of national standards bodies from 130 countries, one from each country."

Who gives the certificates can be the third question. We all must know that the UKAS (United Kingdom of Accreditation Service) certify us as an organization of International Standard. The value assessing body for us is the Moody International Certification Group who audit and report to UKAS for certification.

ISO is a non-governmental organization established in 1947. The mission of ISO is to promote the development of standardization and related activities in the world with a view to facilitating the international exchange of goods and services.

ISO 9001:2008

G - T E C C O M P U T E R EDUCATION IS certified as ISO 9001:2008. ISO 9001:2008 is for the quality management system by which assuring every person and every thing related to G-TEC COMPUTER EDUCATION holds the prestigious

position of quality improvement and management system.

What are standards?

Standards are documented agreements containing technical specifications or other precise criteria to be used consistently as rules, guidelines or definitions of characteristics to ensure that materials, products, process and services are fit for their purpose.

(1) ISO is needed for the SAFETY LIABILITY and to keep up adequate ASSURANCE in all the activities carried out.

elements.

(b) *Management System*: System to establish POLICY and OBJECTIVES and to achieve them.

(c) *Quality Management System*: Management system to direct and control the organization with regards to the policy.

Let us see what our Quality Policy is !!! G-TEC is committed to comply with statutory and other requirements to provide computer training to the needy through franchisee operations. It would be achieved by continual

(2) HARMONISING STANDARDS is the task undertaken by ISO, thus eliminating the barriers and helps to flow products or service freely between the countries.

(a) *Quality*: No doubt each industry has its own view of the meaning of this simple world. As per the view of G-TEC the meaning of quality is *providing the agreed requirements to the customers.*

(b) *Inspection*: Detecting errors which then must be corrected causing time and cost. Hence we all must realize that the *quality cannot be inspected into a service but it must be designed in at each stage of the process.*

(c) *Quality Control*: Part of quality management focused on Fulfilling quality Requirement.

(d) *Quality Assurance*: Part of quality Management focused on providing confidence that quality requirements will be fulfilled.

Terms: (a) *System*: Set of interrelated or interacting

improvement in service process and Human recourses to enhance customers satisfaction by adhering the quality management system.

Means: We are committed to give computer education by a continual improvement process in service to ensure Customer Satisfaction by adhering QMS.

(d) *Quality Objectives*: Something sought or aimed for, related to quality. Let us see what is our quality objectives: To become No: 1 Computer education Centre in each and every area globally.

How the objectives are achieved?. Each and every person in the Organization are to take an objective and get it resulted by means of applying the formula SMART.

SMART:-
S =SPECIFIC
M=MEASURABLE
A=ACHIEVABLE
R=REALISTIC
T=TIME BOUND

An Effort to get the right person at the right place

GOBS BANK, G-TEC JOB CENTRE

GOBS Bank helps to fix our eyes on perfection and deliver the best for the youth.

The need of the hour is quality education and if quality is there in education, opportunities will come by. Each and every individual has the potential within to achieve the greatest things in life and this starts from the right education. When Education is received to the best along with the technical knowledge, it is for the individual to perform. By the introduction of this system, we will be able to reach out to every individual who aspire to reach to their goals. "To become successful, every one needs something to hold on, something to try out and something to inspire", it is for this reason, on our tenth anniversary, this concept is introduced. One of

the highlights of the ten years celebration is the same event, the launching of 500 plus Job Centres across where the centres operate.

Through the concept of GOBS Bank, we would like to fix our eyes on perfection and deliver the best for the youth. Today what is required is the professional approach and for the same, we ensure that all our JOB Centres will

have the right people to guide the students who walk in. Every student who registers in the centre gets free career guidance counselling and academic guidance too.

By this process, the students will be able to develop quality with in and they can make a commitment to their career. The process of Job search is so vital as there are lot many organizations requiring the

right person. And for bringing them under one roof, it is the challenge that we have taken in this occasion hence making this a vital aspect of our operations. In the same time, valuable insights are delivered to the students who aspire for a bright career. Valuable insights will contain more on personality development thus ensuring the student prepares well before attending the interview. Hence, the process designed will see that all the students registering are confident and determined for a bright career.

On the occasion of successful completion of TEN Years, G-TEC proudly invites each and every one to be a part of G-TEC FAMILY.

G-TEC JOB FAIR 2010

TVM Job Fair, a grand success

On 18th & 19th of September 2010, there was only one thought in the candidates of Thiruvananthapuram district, G-TEC JOBFAIR 2010. Ananthapuri witnessed a huge crowd of candidates towards G-TEC Job Fair venue at Chandrasekharan Nair Stadium Auditorium, Palayam. The event was inaugurated by Mr. Anwar Sadath, Executive Director of IT@School on 18th morning.

32 companies, including MNCs, were participated in the fair as G-TEC

extended more care for the selection of participating companies. Of the 32 companies, two of them were reserved only for G-TEC students and the rest were opened for all candidates.

After 10 am the candidates' crowd was too large to control. Even the heavy rain could not dry up their zeal to get their dream job. On the first day G-TEC stopped issuing the registration form after 1 pm as the queue extended to kilometres. All registered candidates allowed to attend interview and the first

day interviews continued till 7 pm. Some companies conducted aptitude tests and group discussion along with the interviews.

780 students got offer letters on the same day and over 20,000 candidates were shortlisted for further procedures. This job fair definitely enhance the credibility of G-TEC Computer Education in Thiruvananthapuram district. No registration fee was collected from companies or candidates on behalf of social commitment.

Testimonials from students

I am happy that I got job in Phikon Solutions, Technopark by participating in G-TEC Jobfair 2010 at Thiruvananthapuram. It was greater opportunity for candidates like us. G-TEC jobfair brought around 32 companies under one roof. I am thankful to G-TEC and wish all the very best for them in this achievement and in upcoming jobfairs.

Anoop B.

Its been a year since I have been trying for a job. It was trough one of my friend that I heard about G-TEC. Though it was like any other jobfair, never giving any hopes, it took me through a new way. I attended and got through. It was an answer for a year wait. If thanks would convey it then let me tell my heartfelt thanks...

Thank you G-TEC coordinators for such a wonderful JOBFAIR.

Gowri P.S.

I am very happy that I could participate in the Mega event-G-TEC Jobfair, at Thiruvananthapuram. It was a great experience for me as I am fresher to this field. The event was nicely organized and we were cared much even by providing separate queues for boys & girls. Most of my friends participated in this event and now I feel more proud in being a G-TEC student because no other similar educational institutions in Thiruvananthapuram had conducted such an event for the job seekers. It could be considered as a SOCIAL SERVICE as no registration fee was collected from students for this jobfair and the door was even open to NON-G-TEC-ian students. We expect much more events from G-TEC and thanks for giving us such a good opportunity.

G-TEC Indiranagar-Bangalore shares a proud moment

Intensive Coaching for GATE winners

The Kerala students, winners of GATE scheme arrived Bangalore on 31st March 2010. The students were picked up from the Railway station and were taken to their respective hostels and were introduced to the respective Hostel-in-charge. After brief refreshments, the students assembled at GTEC-Indiranagar Centre and an Inaugural Function was arranged to welcome the Students. The Inaugural session began with student Introduction followed by Introduction of faculty to the students. The students were segregated according to the courses opted and each student was given the details of courses proposed to be covered

G-TEC Indiranagar-Bangalore welcomes Kerala students

and the students were Clad in traditional Kerala dresses and were given the formal traditional welcome with sprinkle of Rose water, chandan, kumkum & turmeric. The programme began with prayer, lighting of lamp and Invocation song by one of the students. Followed by a short wel-

come speech by the host, the students presented cultural & entertainment programmes. During the programme, the Winners of the GATE lucky draw were announced. The winners were received to the dais with grand and loud applaud. As a mark of sweetness of the VISHU festival, the traditional Kerala sweet was distri-

buted. Sports were conducted and prizes were distributed to the winners. The programme ended with enthusiastic bursting of Crackers by the students. During the coaching period, emphasis was made on the importance of English speaking and fluency. Hence, a 40 hrs of English coaching was given to the students. Added to this, a programme called SPEAK TODAY was organized and brain storming sessions were also organized to boost their confidence level. In order to prepare them for future job interviews, it was felt necessary for personality grooming. Hence Personality Development Programme was organized which included Body language, posture, etiquettes, etc. In order to empower them with Presentation skills too, projects were given in groups, to be presented to the audience. Grades were given on Evaluation. Thus an overall professional grooming was given.

Finally, tests were conducted for the courses offered and there was very good performance and results. GTEC-Indiranagar-

Bangalore is happy with the students' performance and improvement.

The two month stay completed on 28th May, 2010. A valedictory function was arranged on the previous day. The function began with prayer and Invocation song. Students and faculty gave their

make the students feel at home and comfortable stay, ensuring quality coaching more than what was expected, imparting multiple knowledge and grooming, etc.

Traditional Kerala sumptuous Lunch was served with both Veg and Non-Veg menu which included chicken & fish & sweet. The function continued in the afternoon with entertainment, coffee/tea and vote of thanks. The students were briefed on the next day programme for their departure to Kerala.

It was a melting moment to see the students departing with heavy heart and tears, embracing and consoling each other. They ex-
